Updated 3-1-10	Pin Values Summary					
	By Don Heemeyer (CA)					
Prices listed here represent years of recording Ebay and pin swap auctions results. Although this is the most complete record observed to date it should only be used as a guide while trading. The true value of a pin is what two pin traders agree upon at the time of the trade.						
This summary will be updated on a periodic basis with the actual date indicated in the upper left hand corner. Pins NOT LISTED are considered common with prices of \$3.00 or less. If you would like to see your pin auction results incorporated, please contact Lion Don at:
